**BULMEDICA**

**ELECTROMEDICINE**
- Measuring, monitoring and recording of vital functions
- Electrocardiographs and ergometry-bicycle systems
- Holter ECG and blood pressure
- EEG electroencephalographs
- EMG electromyography equipment
- Audiometry
- Blood pressure meters
- Pulse oximeters
- Patient monitors and cebtrals, hospital
- Info systems
- PC based systems for ECG, spirometry
- Others

**SUPPORT, STIMULATION AND SUBSTITUTION OF ORGANS**
- Implantable cordiostimulators, external
- Electrodes and other accessories
- Pacemaker
- Implantable defibrillators and cardioverters
- Accessories for electric stimulation of nerves and muscles
- Devices and equipment for haemodialysis and haemoperfusion
- Automatic dosing devices
- Other stimulators and implants
- Temporary support and substitution of heart and lung

**ANAESTHESIA, RESUSCITATION, INFUSIOTHERAPY, INTENSIVE CARE**
- Anaesthesia devices
- Respirators
- Humidifiers, inhalers
- Incubators
- Defibrillators

**DIAGNOSTICS**
- Computer tomography
- Ultrasound diagnostic apparatus - echographs
- Nuclear magnetic resonance
- Apparatus for radioscopy
- Conventional x-ray equipment, including mammographs and dental x-ray machines

### Vascular doppler
- Apparatus for bone densitometry
- Lithotryters with x-ray or ultrasound control
- Equipment for thermography

**ENDOSCOPIC DIAGNOSTICS AND THERAPY (OPTICAL AND ELECTRONIC PICTURE TRANSMISSION)**
- Gastroscopy
- Esophagoscopy
- Colonoscopy, rectoscopy
- Urologic endoscopy
- Kolposcopy
- Bronchoscopy
- Laparoscopy
- Hysteroscopy
- Light sources and other endofibroscopic accessories

**SURGERY**
- Operating tables and chairs
- Operating and surgical lights
- Ceiling pendent moving arms
- Cauters, cryo-cauters
- Laser for surgical use
- Operating microscopes, operating glasses
- Surgical instruments and equipment
- Special antiseptic air-conditioning

**EMERGENCY MEDICAL AID**
- Patient transport vehicles
- Transportation equipment
- First aid equipment
- First aid boxes
- Emergency physician’s cases
- Respiratory equipment
- Resuscitation equipment
- Medical bags
- Mobile medical service
- Mobile medical centre

**STERILIZATION, DISINFECTION, WATER TREATMENT**
- Steam sterilizers incl. steam sources
- Hot air sterilizers
- Formaldehyde and combined sterilizers
- Other methods of sterilization
- Distillers
- Reverse osmosis water treatment
- Other methods of water treatment and purification
- Radiators with bactericide effect

**Sterilization packages**

**EQUIPMENT AND FURNITURE FOR SPECIAL HOSPITAL SECTORS**
- Medical examination rooms
- Pharmacies
- Maternity wards
- Operating rooms
- Intensive care rooms
- Bath and massage rooms
- Physiotherapy rooms
- Ward rooms
- Service rooms
- Cafeterias
- Canteen kitchens
- Administration and office rooms
- Conference and lecturer rooms
- Waiting areas
- Air-conditioning

**HOSPITAL FURNITURE**
- Hospital beds and bedside tables
- Mattresses
- Couches
- Seats and tables
- Wardrobes
- Patients bed lights
- Communication devices
- Screenwall elements

**HOSPITAL EQUIPMENT**
- Treatment trolleys
- Post-operative trolleys
- Emergency trolleys
- Medicine cabinets
- Medicine refrigerators
- Disinfection systems
- Laundry systems
- Lighting
- Medical personnel clothes

**HOSPITAL REQUISITES**
- Stethoscopes
- Equipment for blood pressure measurement
- Thermometers
- Syringes
- Cannulae
- Catheters
- Other practical aids

**DISPOSABLE ARTICLES**
- Gloves
- Surgical drapes
- Injection units
- Infusion and transfusion sets
- Respiratory accessories
- Surgical disposables
- Dialysis disposables
- Drainage articles
- Electrode disposables
- Disposable cannulae
- Surgical sewing materials
- Acupuncture needles
- Disposable articles for interventional procedures under x-ray control

**BANDAGES AND PLASTERS**
- Swabs
- Plasters
- Dressings
- Absorbent gauze
- Bandages
- Reticulate and hose bandages
- Plastic bandages
- Securing dressings
- Splint material
- Zinc dressings
- Cotton and cellulose materials

**ORTHOPAEDICS AND REHABILITATION**

**REHABILITATION**
- Rehabilitation equipment and devices
- Equipment for physiotherapy
- Equipment for ergotherapy
- Gymnastic and training equipment
- Rehabilitation baths
- Massage equipment
- Therapeutical aids

**ORTHOPAEDICS**
- Prostheses
- Orthodontic devices
- Seating aids
- Compression therapy
- Support bandages
- Other orthopaedic products

**AIDS FOR DISABLED PERSONS**
- Wheelchairs
- Raising chairs
- Arm and leg supports
- Means for lifting and transferring of disabled persons
- Special chairs and beds
- Anti-decubitus mattresses

**COMMUNICATION**
- Communication aids
- Portable communication equipment
- Aids for the blind
- Braille modules and displays
- Literature in Braille
- Hearing and speech impaired
**BULPHARMA**

**PHARMACEUTICAL PRODUCTS**
- Medicines
- Infusion solutions
- Wound disinfection
- Blood derivatives
- Dietary food
- Preparations for skin care
- Dental care products

**NATURE AND HEALTH**

**BULDENTAL**

**DENTAL MEDICINE**
- Dentistry
- Dental equipment
- Dental X-ray tools
- Dental surgery tools
- Surgical tools
- Abrasive tools
- Maxillary surgery
- Anaesthesia
- Drugs and pharmaceutical items
- Plastic surgery
- Sterilizing equipment

**DENTAL TECHNICS**
- Full equipment
- Dental apparatus
- Instruments
- Materials for model casting
- Materials for crowns and bridges
- Abrasive instruments
- Rotating instruments

**BULLABOR**

**LABORATORY BUILDING EQUIPMENT**
- Electric facilities for laboratory buildings
- Light fittings
- Aeration and de-aeration installations
- Heating systems
- Air-conditioning systems
- Refrigeration and cooling systems
- Water supply
- Compressed air supply
- Gas supply
- Protective appliances
- Clean rooms

**LABORATORY-ROOM EQUIPMENT**
- Laboratory furniture
- Complete equipment
- Microbiological equipment
- Laminar flow installations

---

**LABORATORY EQUIPMENT AND MACHINES FOR:**
- sterilization
- emulagtion
- distillation
- dispersing
- homogenization
- hydrogenation
- disinfection
- gas generation
- sample handling
- Autoclaves
- Kneaders, grinders, stirrers, shakers, sieves and crushers
- Burners
- Combustion chambers
- Furnaces
- Heating baths and plates

---

**DIAGNOSTICS**
- Equipment and devices for:
  - clinical chemistry
  - oncology
  - genetic and molecular genetics
  - immunology
  - endocrinology
  - coagulation laboratory
  - haematology

**ANALYTICS**
- Microscopes
- Microtomes
- Electro microscopes
- Photometers
- Spectrometers
- Spectroscopes
- Chromatography equipment and plants
- Measuring, testing and control equipment

**CHEMICALS**
- General
- Reagents
- Enzymes
- Vectors
- Isotopes

**BIOCHEMICS**
- Apparatus and equipment
- Chemicals
- Reagents
- Gasifiers
- Containers
- Elisa units
- Fermentation plants

**DATA SYSTEMS**
- Laboratory computers
- Image analysis computers
- Software
- Data carriers

---

**BULOPTIK**

**OPHTHALMOLOGY**
- Medical optics
- Optical glass
- Optical quartz glass

**OPTICAL COMPONENTS**
- Filters
- Lenses
- Eyepieces
- Objectives
- Prisms
- Polarisers
- Mirrors
- Telescopes

**MECHANICAL COMPONENTS**
- Spectacle frames
- Sunglasses and accessories
- Microscopes
- Microtomes
- Binoculars, opera glasses

**LIGHT SOURCES**
- Lasers
- Spectral lamps
- General purpose light sources
- Opto-laser technology

**MANUFACTURING PROCESSES**
- Machining
- Grinding, sawing, polishing
- Centring
- Vaporizing
- Laminating, dielectric and metallic coating
- Cleaning
- Process materials

**FIBRE OPTICS**
- Fibre-optical sensors and components
- General purpose fibre optics

**CHEMICALS**
- General
- Reagents
- Enzymes
- Vectors
- Isotopes
